SUBJECT: **SERVICE CONTRACT SURVEY**

The Los Angeles County Probation Department is conducting a survey to better understand the needs and interests of the County's community-based-organization contractors. The information provided will assist us as we plan for future service contracts. The survey will also help us to understand if our current service contracts are meeting the needs of the County and the Probation Department, as well as the larger provider community. This will guide us in embracing new and innovative programs that are needed.

The survey is not asking for any information that will personally identify the participant. Responses to the survey will be combined with other responses from community based organizations to assist in determining common directions and/or interests. Participation in this survey will not negatively affect the participants' future contracting ability.

To complete the survey online, please go to the URL below and then follow the online survey instructions:

Thank you for your time and effort.
